Friends in High Places: Webb Hubbell and the Clintons' Journey from Little Rock to Washington DC By Webb Hubbell

Before the nation came to know them as the President and First Lady, Bill Clinton and Hillary Rodham were close friends of Webb Hubbell's. Now Hubbell offers insight into how he and the Clintons climbed the political ranks from Arkansas to the White House.

Included in this book are intricate tales of Hubbell's support of Bill Clinton in his tensest moments; his friendship with Hillary Rodham Clinton; the tragic death of Vince Foster; details of involvement in Whitewater; an inside look at the Justice Department and partnership with Janet Reno; and insights into famous personalities such as Mac McLarty, Bernie Nussbaum, Bruce Lindsey, Mickey Kantor, and George Stephanopoulos.

Hubbell's story is told from the perspective of one who personally knows the President and First Lady. Their friendship began when Hubbell and Hilary Rodham Clinton were partners at Little Rock's Rose Law Firm; and when Bill Clinton worked as Governor of Arkansas, Hubbell served with him as Mayor of Little Rock, and later as chief justice of the Arkansas Supreme Court. Hubbell joined the Clintons in the White House as associate attorney general, the third highest ranking member of the Justice Department. His political career ended, however, with the Whitewater scandal and incarceration in federal prison.

Why Hubbell committed the crimes he assumes responsibility for are detailed; a conflicted soul struggling with the cynical maelstrom of power and politics. Hubbell comments on his resignation and prison sentence, and reflects on his old friends whom have since isolated him from the White House.

The journey is Webb Hubbell's, yet his recounting resonates with the humanity in us all: the love he shares with his wife and family, the grief over losing friends to death or circumstances, and humility when faced with calamity. In the end Hubbell faces the truth with a steadfastness seldom seen in Washington.

Editorial Review

Amazon.com Review

It seems that being a Friend of Bill is all too often just the first step on that slippery slope to disgrace and the hoosegow. Take, for example, Jim McDougal, Susan McDougal, and Webster Hubbell--all former First Friends now facing stiff prison sentences. Susan McDougal has refused to talk about her case at all, while her ex-husband Jim is saving his material for a grand jury; Webb Hubbell, however, has decided to bare both his soul and his legal difficulties in *Friends in High Places*, an account of his rise in Little Rock and fall in Washington, DC. In a nutshell, Hubbell--a former law partner of Hillary Clinton's--confessed to stealing almost half a million dollars from the law firm and its clients. His book purports to reveal the full inside story. Readers looking for dirt on the Clintons will be disappointed--Hubbell takes full responsibility for his crimes, absolving the White House of any knowledge about his shady financial dealings.

Review

For five years now, a ceaseless series of scandals has dogged the highest officials of the Clinton administration. What, if anything, can be learned from the story of Webb Hubbell, the single high-ranking official who went directly from the Clinton administration to washing windows in a federal prison?

Hubbell's jaunt to and hard fall from the pinnacle of power, Vincent Foster's misery and tortured end, Hillary Clinton's metamorphosis under the spell of power--this is the stuff of melodrama. But for the last five years these people, and others like them, have been running the government of the United States. What convictions, if any, do they hold, and toward what ends have they sought power?

In the department of political ideas, *Friends in High Places* is wafer-thin. On several occasions Hubbell describes himself at the dawn of his career as "idealistic," but what he means by this is left unclear. The officeholders from Arkansas who flit in and out of these pages appear similarly insouciant, similarly ambitious, and similarly apolitical (if that is the right word). Even the Clintons, though clearly of a more activist hue, come across as 99 parts ambition and avarice, one part '60s radicalism.

Empty ambition is an old story in American politics. It hardly explains every alliance the Clinton administration has struck, or every policy it has advanced. But it does go some way toward explaining the malfeasance, the improprieties, and the constant stretching and bending of the rules that by now have become our national daily fare. -- *Commentary*, Gabriel Schoenfeld

In the genre of confessionals, *Friends in High Places* falls short because the issues that make Hubbell an important interesting figure in the career of the Clintons go largely unaddressed.... his book is also particularly disappointing because rather than provide the inside account it promises, it recounts incidents and conversations that are at best trivial and at worst misleading. -- *The New York Times Book Review*, Stephen Labaton

About the Author

Webb Hubbell, author of *When Men Betray* and *Ginger Snaps*, is a nationally recognized author, lecturer, and speaker on government, business and leadership. He has held executive level positions in government and industry including: U.S. Associate Attorney General, Chief Justice of the Arkansas Supreme Court, Mayor of Little Rock Arkansas, Managing Partner of the second largest law firm in Arkansas, and Executive

and Chief Counsel for a large Washington based Commercial Insurance Company.
