DNA in the Sands of Time By J. Justice

This book is spiritual dynamite. The information within it has the potential to create a firestorm of spiritual, religious and political controversy. It will shatter the frozen concepts of what the human race thinks it knows about itself, it's history, DNA and the human brain.

This book will warm you heart and chill your bones at the same time. Some will become angry, denying it's truth, others will rejoice over it's revelations while it will rock the foundation of traditional belief systems. It will stretch your mind to the point you cannot go back to your old way of thinking about life. It will stir your imagination and emotions, not allowing your mind to rest. Hidden truth and unknown knowledge of the human race is revealed about it's true purpose, creation and evolution. You will meet your Gods, Creator, your local Satan, the first Savior of the human race and your future Destiny. A hidden group influencing your life today without your knowledge is exposed. A frightening warning is also given from the Spiritual Realm as the world is blindly heading toward an irreversible disaster. You have the privilege to view the unknown bigger picture of your past as it actually happened and your present as it is now happening.

Today's greatest question, "Is there alien life out there in the universe?" will be answered. You will also discover, humans are an experiment and the experiment is over. Are you ready to receive a higher knowledge and learn about yourself? Inside this book is the untold and unknown rest of the story. It comes from the Akashic Records, known to many as the Book of Life, often referred to, as the Book of the Final Judgement of the Human Race. This is the first time recorded history from the Akashic Records will be directly revealed to the human race. It will answer some of the greatest Questions and Mysteries of Science and Religion about the past, present and future.

You will quickly come to realize, life is not what you think it is. For the spiritually awake, you will find a clear understanding about the End Times and the immediate upcoming event called the Ascension. The knowledge to know how to ascend and why you may want to, is actually a complete guide to Ascension. The information given is complete, nothing is missing. You now have the knowledge to understand the mystery of life. This is a life changing book.

Editorial Review

Users Review

From reader reviews:

Jeffrey Sandoval:

Reading a e-book tends to be new life style on this era globalization. With reading you can get a lot of information that will give you benefit in your life. Using book everyone in this world could share their idea. Ebooks can also inspire a lot of people. A lot of author can inspire their own reader with their story or perhaps their experience. Not only situation that share in the textbooks. But also they write about the information about something that you need illustration. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors in this world always try to improve their skill in writing, they also doing some exploration before they write with their book. One of them is this DNA in the Sands of Time.

David Hester:

Reading can called brain hangout, why? Because when you are reading a book particularly book entitled DNA in the Sands of Time the mind will drift away trough every dimension, wandering in each and every aspect that maybe unfamiliar for but surely will end up your mind friends. Imaging each word written in a guide then become one contact form conclusion and explanation which maybe you never get before. The DNA in the Sands of Time giving you an additional experience more than blown away your mind but also giving you useful details for your better life on this era. So now let us explain to you the relaxing pattern here is your body and mind will probably be pleased when you are finished reading through it, like winning an activity. Do you want to try this extraordinary investing spare time activity?

Gertrude Barrett:

Is it you actually who having spare time after that spend it whole day by watching television programs or just laying on the bed? Do you need something new? This DNA in the Sands of Time can be the respond to, oh how comes? The new book you know. You are so out of date, spending your free time by reading in this fresh era is common not a geek activity. So what these publications have than the others?

Clifford Caldwell:

As we know that book is essential thing to add our knowledge for everything. By a guide we can know everything you want. A book is a range of written, printed, illustrated as well as blank sheet. Every year seemed to be exactly added. This publication DNA in the Sands of Time was filled concerning science. Spend your free time to add your knowledge about your research competence. Some people has several feel when they reading a book. If you know how big advantage of a book, you can sense enjoy to read a reserve.

In the modern era like now, many ways to get book that you just wanted.
