Traditional Japanese Poetry: An Anthology From Stanford University Press

This anthology brings together in convenient form a rich selection of Japanese poetry in traditional genres dating back from the earliest times to the twentieth century. With more than 1,100 poems, it is the most varied and comprehensive selection of traditional Japanese poetry now available in English.

Ezra Pound called poetry "the most concentrated form of verbal expression," and the great poets of Japan wrote poems as charged and compressed as poems can be. The Japanese language, with its few consonates and even fewer vowels, did not lend itself to expansive forms, making small seem better and perhaps more powerful. There is also the historical context in which Japanese poetry developed?the highly refined society of the early courts of Nara and Kyoto. In this setting, poetry came to be used as much for communication between lovers and friends as for artistic expression, and a tradition of cryptic statement evolved, with notes passed from sleeve to sleeve or conundrums exchanged furtively in the night.

Add to this the high sense of decorum that dominated court society for centuries, and you have the conditions that led to the development of the classical *uta* (also referred to as *tanka* or *waka*), the thirty-one-syllable form that acts as the foundation for virtually all poetry written in Japanese between 850 and 1900.

In choosing poems, the compiler has given priority to authors and works generally acknowledged as of great artistic and/or historical importance by Japanese scholars. For this reason, major poets such as Kakinomoto no Hitomaro, Izumi Shikibu, Saigyō, and Matsuo Bashō are particularly important collections such as *Man'yōshū*, *Kokinshū*, and *Shin kokinshū*. In addition, the volume also contains samplings from genres such as the poetic diary, linked verse, Chinese forms, and comic verse.

From the Inside Flap

This anthology brings together in convenient form a rich selection of Japanese poetry in traditional genres dating back from the earliest times to the twentieth century. With more than 1,100 poems, it is the most varied and comprehensive selection of traditional Japanese poetry now available in English.

Ezra Pound called poetry “the most concentrated form of verbal expression,” and the great poets of Japan wrote poems as charged and compressed as poems can be. The Japanese language, with its few consonates and even fewer vowels, did not lend itself to expansive forms, making small seem better and perhaps more powerful. There is also the historical context in which Japanese poetry developed—the highly refined society of the early courts of Nara and Kyoto. In this setting, poetry came to be used as much for communication between lovers and friends as for artistic expression, and a tradition of cryptic statement evolved, with notes passed from sleeve to sleeve or conundrums exchanged furtively in the night.

Add to this the high sense of decorum that dominated court society for centuries, and you have the conditions that led to the development of the classical uta

(also referred to as tanka

or waka

), the thirty-one-syllable form that acts as the foundation for virtually all poetry written in Japanese between 850 and 1900.

In choosing poems, the compiler has given priority to authors and works generally acknowledged as of great artistic and/or historical importance by Japanese scholars. For this reason, major poets such as Kakinomoto no Hitomaro, Izumi Shikibu, Saigyō, and Matsuo Bashō are particularly important collections such as *Man'yōshū*, *Kokinshū*, and *Shin kokinshū*. In addition, the volume also contains samplings from genres such as the poetic diary, linked verse, Chinese forms, and comic verse.

Users Review

From reader reviews:

Leonard Palmer:

Do you one of people who can't read pleasant if the sentence chained in the straightway, hold on guys this aren't like that. This Traditional Japanese Poetry: An Anthology book is readable by simply you who hate the straight word style. You will find the info here are arrange for enjoyable reading experience without leaving perhaps decrease the knowledge that want to offer to you. The writer of Traditional Japanese Poetry: An Anthology content conveys the thought easily to understand by many individuals. The printed and e-book are not different in the content but it just different as it. So , do you continue to thinking Traditional Japanese Poetry: An Anthology is not loveable to be your top record reading book?

Elizabeth Frizzell:

Playing with family inside a park, coming to see the water world or hanging out with good friends is thing that usually you will have done when you have spare time, and then why you don't try point that really opposite from that. Just one activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Traditional Japanese Poetry: An Anthology, you may enjoy both. It is excellent combination right, you still desire to miss it? What kind of hang type is it? Oh come on its mind hangout men. What? Still don't understand it, oh come on its known as reading friends.

Katie McCants:

Is it an individual who having spare time after that spend it whole day by watching television programs or just telling lies on the bed? Do you need something new? This Traditional Japanese Poetry: An Anthology can be the solution, oh how comes? It's a book you know. You are thus out of date, spending your time by reading in this new era is common not a nerd activity. So what these books have than the others?

Shelly Sampson:

Do you like reading a book? Confuse to looking for your favorite book? Or your book ended up being rare? Why so many query for the book? But any kind of people feel that they enjoy to get reading. Some people likes looking at, not only science book and also novel and Traditional Japanese Poetry: An Anthology or even others sources were given understanding for you. After you know how the fantastic a book, you feel would like to read more and more. Science e-book was created for teacher or even students especially. Those books are helping them to bring their knowledge. In additional case, beside science guide, any other book likes Traditional Japanese Poetry: An Anthology to make your spare time far more colorful. Many types of book like this.
