Vortex By Larry Bond, Patrick Larkin

Set in South Africa of the early 1990s, this military thriller has fascist ultraconservative Afrikaners staging a coup and taking over the Pretoria government. The new government then re-institutes apartheid and invades bordering Namibia. A Communist counterforce led by the Cubans is mounted, as internal revolt and harsh suppression breed domestic chaos. A Boer nuclear attack on the Cubans is answered by nerve gas from the Cubans. A daring raid by US Rangers destroys the Afrikaner weapons before they can be used again, while U.S. and British ground forces restore order after much fighting and destruction.

“The techno-thriller has a new ace, and his name is Larry Bond.”

– Tom Clancy, Author of “Clear and Present Danger”

“Military adventure on grand scale ... and intricate and compelling thriller that is pure Bond in great form. Larry Bond has proven himself the master of military adventure.”

– Clive Cussler, Bestselling author of “Dragon”

“Techno-thriller fans rejoice! Larry Bond is good – very, very good. I started sweating on the first page.”

– Stephen Coonts, Bestselling author of “Under Siege”

“A gripping military scenario novel. As timely as today’s headlines.”

– W.E.B Griffin, Bestselling author of “Battleground”

Editorial Review

Users Review

From reader reviews:

George Oneal:

This Vortex usually are reliable for you who want to be a successful person, why. The explanation of this Vortex can be one of many great books you must have is definitely giving you more than just simple reading food but feed you actually with information that probably will shock your prior knowledge. This book is handy, you can bring it everywhere you go and whenever your conditions both in e-book and printed types. Beside that this Vortex forcing you to have an enormous of experience for instance rich vocabulary, giving you trial of critical thinking that we understand it useful in your day activity. So , let's have it and luxuriate in reading.

Charlotte Womble:

Often the book Vortex will bring you to definitely the new experience of reading some sort of book. The author style to elucidate the idea is very unique. In the event you try to find new book to study, this book very acceptable to you. The book Vortex is much recommended to you you just read. You can also get the e-book from the official web site, so you can easier to read the book.

Raymond Murray:

Reading a publication tends to be new life style on this era globalization. With looking at you can get a lot of information that will give you benefit in your life. Together with book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire all their reader with their story or their experience. Not only the storyline that share in the textbooks. But also they write about advantage about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors on this planet always try to improve their skill in writing, they also doing some research before they write with their book. One of them is this Vortex.

Kim Adams:

This Vortex is great book for you because the content that is full of information for you who else always deal with world and possess to make decision every minute. That book reveal it facts accurately using great organize word or we can declare no rambling sentences in it. So if you are read this hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but difficult core information with attractive delivering sentences. Having Vortex in your hand like obtaining the world in your arm, data in it is not ridiculous 1. We can say that no publication that offer you world with ten or fifteen small right but

this guide already do that. So , it is good reading book. Hello Mr. and Mrs. busy do you still doubt that?
