Atlas of Vaginal Reconstructive Surgery By Schlomo Raz

This volume provides a comprehensive, step by step description of the surgical techniques that the author has used in more than 13,000 vaginal reconstructive procedures. Chapters cover surgery for incontinence, prolapse, urethral diverticula, vaginal fistula, reconstruction, surgery for urethral obstruction and vaginal cysts and masses, and lastly, complications of vaginal surgery. Each surgical chapter covers a succinct summary of diagnosis, indications for surgery, and the surgical procedure itself. Sequential operative photographs, drawings, and videos guide are also included to guide the reader through the procedural steps.

The *Atlas of Vaginal Reconstructive Surgery* will serve as a valuable resource for urologists, gynecologists and other specialists with an interest in vaginal reconstructive surgery.

Users Review

From reader reviews:

Karen Bell:

Book is to be different per grade. Book for children right up until adult are different content. To be sure that book is very important for people. The book Atlas of Vaginal Reconstructive Surgery has been making you to know about other knowledge and of course you can take more information. It is very advantages for you. The guide Atlas of Vaginal Reconstructive Surgery is not only giving you more new information but also to be your friend when you really feel bored. You can spend your own spend time to read your book. Try to make relationship while using book Atlas of Vaginal Reconstructive Surgery. You never really feel lose out for everything if you read some books.

Larry Swartz:

As people who live in the actual modest era should be upgrade about what going on or info even knowledge

to make these individuals keep up with the era which is always change and progress. Some of you maybe will certainly update themselves by looking at books. It is a good choice in your case but the problems coming to an individual is you don't know what type you should start with. This Atlas of Vaginal Reconstructive Surgery is our recommendation to help you keep up with the world. Why, because book serves what you want and wish in this era.

Lily Tarver:

Information is provisions for people to get better life, information presently can get by anyone on everywhere. The information can be a information or any news even a concern. What people must be consider if those information which is inside former life are difficult to be find than now's taking seriously which one is suitable to believe or which one the actual resource are convinced. If you obtain the unstable resource then you have it as your main information we will see huge disadvantage for you. All those possibilities will not happen inside you if you take Atlas of Vaginal Reconstructive Surgery as your daily resource information.

Clifford White:

This Atlas of Vaginal Reconstructive Surgery is great publication for you because the content which can be full of information for you who always deal with world and still have to make decision every minute. This particular book reveal it info accurately using great plan word or we can say no rambling sentences within it. So if you are read that hurriedly you can have whole details in it. Doesn't mean it only offers you straight forward sentences but hard core information with lovely delivering sentences. Having Atlas of Vaginal Reconstructive Surgery in your hand like getting the world in your arm, facts in it is not ridiculous one particular. We can say that no guide that offer you world within ten or fifteen second right but this publication already do that. So , it is good reading book. Hello Mr. and Mrs. active do you still doubt that?
