contains suggestions for creating the most effective presentations and projects for different age groups. In addition, this handy resource includes sample customizable presentations and interactive games and activities that are available for free from the companion website.

PRAISE FOR POWERPOINT FOR TEACHERS

"As the complexity and sophistication of educational technology increase exponentially, it is easy to overlook the simple but still powerful teaching tools available to us all. Finkelstein and Samsonov do us a service in reminding us of just how useful and flexible PowerPoint can be as a powerful, creative, and user-friendly interactive teaching tool. With this book, any teacher interested in bringing technology into their teaching can do so, and to their students' benefit."

—Dr. Robert Slater, professor, Educational Administration and Human Resources, Texas A&M University

"This how-to guide on the use of PowerPoint helps educators move into more visually oriented, interactive levels of teaching, where students are more likely to remember and use what we have taught them. I'd recommend every teacher add these simple technologies to their repertoire of teaching strategies."

—Christopher Jones, chairman, department of education, Maharishi University of Management

About the Author

Ellen Finkelstein, is the best-selling author of numerous computer books, on AutoCAD and PowerPoint, including AutoCAD 2008 and AutoCAD LT 2008 Bible from Wiley. She is the author of How to Do Everything with PowerPoint; maintains a Web site at www.ellenfinkelstein.com of AutoCAD and PowerPoint tips, tutorials, and news; and publishes the monthly PowerPoint Tips Newsletter.

Pavel Samsonov, Ph.D., has been teaching PowerPoint in educational settings (to both students and teachers) since 1997. Currently he is an assistant professor at the College of Education at the University of Louisiana at Lafayette. Dr. Samsonov teaches both graduate and undergraduate classes in the field of educational technology.

Users Review

From reader reviews:

Christina Moss:

The book PowerPoint for Teachers: Dynamic Presentations and Interactive Classroom Projects (Grades K-12) can give more knowledge and information about everything you want. So why must we leave the best thing like a book PowerPoint for Teachers: Dynamic Presentations and Interactive Classroom Projects (Grades K-12)? A number of you have a different opinion about publication. But one aim in which book can give many data for us. It is absolutely proper. Right now, try to closer together with your book. Knowledge or data that you take for that, you are able to give for each other; it is possible to share all of these. Book PowerPoint for Teachers: Dynamic Presentations and Interactive Classroom Projects (Grades K-12) has simple shape however you know: it has great and big function for you. You can search the enormous world by wide open and read a reserve. So it is very wonderful.

Eli Benton:

As people who live in the actual modest era should be up-date about what going on or data even knowledge to make them keep up with the era and that is always change and progress. Some of you maybe can update themselves by reading through books. It is a good choice to suit your needs but the problems coming to you actually is you don't know what one you should start with. This PowerPoint for Teachers: Dynamic Presentations and Interactive Classroom Projects (Grades K-12) is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and wish in this era.

Richard Eby:

Do you certainly one of people who can't read enjoyable if the sentence chained from the straightway, hold on guys that aren't like that. This PowerPoint for Teachers: Dynamic Presentations and Interactive Classroom Projects (Grades K-12) book is readable simply by you who hate those perfect word style. You will find the info here are arrange for enjoyable reading experience without leaving possibly decrease the knowledge that want to offer to you. The writer connected with PowerPoint for Teachers: Dynamic Presentations and Interactive Classroom Projects (Grades K-12) content conveys objective easily to understand by many individuals. The printed and e-book are not different in the written content but it just different available as it. So , do you nonetheless thinking PowerPoint for Teachers: Dynamic Presentations and Interactive Classroom Projects (Grades K-12) is not loveable to be your top list reading book?

Bruce Herrera:

This PowerPoint for Teachers: Dynamic Presentations and Interactive Classroom Projects (Grades K-12) is

great book for you because the content that is certainly full of information for you who else always deal with world and get to make decision every minute. That book reveal it information accurately using great plan word or we can claim no rambling sentences within it. So if you are read the idea hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but challenging core information with wonderful delivering sentences. Having PowerPoint for Teachers: Dynamic Presentations and Interactive Classroom Projects (Grades K-12) in your hand like finding the world in your arm, data in it is not ridiculous 1. We can say that no reserve that offer you world throughout ten or fifteen second right but this publication already do that. So , this is certainly good reading book. Heya Mr. and Mrs. active do you still doubt in which?
