### Astrology Through a Psychic's Eyes By Sylvia Browne

In this book, Sylvia Browne presents her philosophy on astrology. It is written in a humorous vein, yet is a serious work and intended to educate the reader. Sylvia has done extensive research, using the most reliable data available: real people. She feels that astrology is a living discipline and must be studied with humanity. Only through a close examination of individuals, with all of their fears, strengths, phobias, loves, and spirituality, will a true picture of astrology emerge. More than thirty years of joy, tears, laughter, and knowledge are reflected in this work, gathered by Sylvia during her many thousands of counseling sessions.

### Editorial Review

#### Amazon.com Review

Although she does not bill herself as a professional astrologer, psychic Sylvia Browne has some strong opinions on how astrology plays into life on earth (as well as the afterlife). "I promise you that you will not read any of this information in any other astrology book," writes Browne. "This work represents my personal observations from 30 years as a professional psychic." Instead of specific predictions, this compact book offers general astrology tips. For example, she asserts that premature babies are probably trying to assure that they're born under the right sign. Other tips include: "Most of the time fire and air signs go every well together," and "A rule of thumb is that you are compatible with people three signs removed from you." Readers can also look up Browne's specific thoughts and psychic insights under their zodiac sign. But beware, Browne has a tell-it-like-I-see-it style, so not all of her comments are glowing and flattering.

#### About the Author

Sylvia Browne is the #1 New York Times best-selling author and world-famous psychic medium who has appeared regularly on The Montel Williams Show and Larry King Live, as well as making countless other media and public appearances.
