Only One (Ward Sisters Book 2) By Lucy Gage

HE NEVER BELIEVED LOVE WAS IN THE CARDS FOR HIM.

As one of the elite bodyguards for his best friend, movie star Rob Deacon, 33-year-old Liam Neely lives the perfect bachelor life. He doesn't think anything is missing, until he meets Rob's assistant, Jenna. Despite his insistence that he doesn't do relationships, he finds himself falling in love with the computer genius, hard and fast. With family baggage, trust issues, and a lack of experience actually trying to make things work, he's fighting an uphill battle. Will it be a case of better late than never, or too little, too late with the only one who ever truly mattered?

SHE KNEW HE WAS WRONG.

For 32-year-old Jenna Ackerman, life has always come easily. Brilliant, beautiful, and wealthy, she could live the life of a socialite as expected. Instead, she uses her brains to become a cybersecurity expert and lands—not by chance—a job as the woman behind the curtain for movie star Deac Roberts. Rob becomes her very best friend and the one man for whom she'd walk through fire. He's her main focus, until the day he introduces her to Liam. For the first time in her life, calm, cool, collected Jenna is turned upside down.

Love is a complicated dance. Can Jenna and Liam manage to make the choreography work? Or will the past stand in their way?

Editorial Review

From the Author

If you know the value of friendship, admire strong women and believe that love isn't always simple, give this a read. *Only One* can be read as a standalone story - it is a complete, full-length novel - but will be more enjoyable if read as part of the *Ward Sisters* series. Though not erotica, it's intended for **mature audiences only** and includes both sex and language that isn't going to be approved by clergy.

About the Author

A love of books has been a part of Lucy's life for as long as she can recall. In her children, she sees the seeds of lifelong readers. While writing fulfills her in a way nothing else has, she considers her greatest accomplishment to be nurturing her children into strong, intelligent, kind, imaginative people, and yes, readers.
