Quareia The Apprentice: Book Two (Quareia Apprentice) By Josephine McCarthy

The curriculum of Quareia takes a magical apprentice from the beginning of magic to the level of adeptship and beyond in a long and detailed magical training course. Each book of lessons builds on the ones before it, so we suggest that you work with the books in sequence.

The first section of the training, the Apprentice section, is where the magician learns to understand and develop certain magical knowledge and skills, while also laying the foundation for the Initiate training. The Apprentice section of the Quareia training consists of eighty one lessons spread across ten modules, with each module containing eight lessons, plus a final initiatory lesson. It is the most extensive, in-depth and intelligent up to date magical course that is currently available worldwide.

Book two covers modules three and four from the Apprentice section of Quareia: 'Dynamics of Creation', and 'Death and the Underworld'.

Quareia, the new school of magic for the 21st century, was a concept created by adepts Josephine McCarthy and Frater Acher; two European magicians with solid magical reputations in their respective fields. The curriculum of Quareia, written by Josephine McCarthy, takes a magical apprentice from the beginning of magic to the level of adeptship and beyond.

Josephine McCarthy is a magical adept, teacher and author from the UK. Josephine has been teaching magic intensively for over twenty years in the USA and Europe, and her many books on magic include the Magical knowledge series.
