Reasons for Faith: Philosophy in the Service of Theology By K. Scott Oliphint

"Apologetics has a deeply human side that is concerned with the whole person," say William Edgar. This book bears that out in both tone and content. While affirming the importance of reason in answering unbelief, Edgar invites us to make full use of the diverse forms of persuasion aimed at the unbelieving heart.

Part one lays out the biblical foundations for apologetics, and part two explores actual objections and arguments. When we understand biblical apologetics and the reasons for disbelief, we will be better able to cut through intellectual smoke screens of our day.
