*From SAGE Publications Ltd*

**SAGE Secondary Data Analysis (SAGE Library of Research Methods)** From SAGE Publications Ltd

Highlighting both the theory and practice of secondary analysis and the use of secondary sources, this collection considers the nature of secondary analysis as a research tool; reflects on the definitional debates surrounding terms such as secondary analysis, data re-use and restudies; illustrates how secondary analysis is used in social science research; and finally reviews the practical, methodological and ethical aspects of secondary analysis.

## **Editorial Review**

### About the Author

John Goodwin is a Reader in Sociology at the University of Leicester. As a sociologist, his principal research interests include the broad areas of the sociology of work, (especially education to work transitions and gender and work), social science research methods (life histories, work narratives, auto/biography, the re-use of qualitative and archival data) and the history of sociology. He has expertise in using biographical methods and has used narrative interviews and epistolary analysis in his research on Norbert Elias, Ilya Neustadt and his restudy of Elias's Adjustment of Young Workers to Adult Roles project. He is currently an editorial board member of the *Journal of Youth Studies, Education and Training*, and the *European Journal of Industrial Training*.

## **Users Review**

### **From reader reviews:**

#### **Francine Nott:**

So , do you nevertheless thinking SAGE Secondary Data Analysis (SAGE Library of Research Methods) is not loveable to be your top list reading book?

#### **Ana May:**

Often the book SAGE Secondary Data Analysis (SAGE Library of Research Methods) has a lot details on it.

So when you check out this book you can get a lot of benefit. The book was compiled by the very famous author. McDougal makes some research ahead of writing this book. This particular book is very easy to read and you may get the point easily after scanning this book.

**Diana Johnson:**

As a university student, I often feel bored when I go to the library to read. If my teacher requests that I go to the library to make a summary of a book, I am often complained. Just a few students who have reading as their hobby or heart and soul. They just do what the professor wants, like being asked to go to the library. They go there but do not read very seriously. Any student who feels that reading is not important, boring, and also cannot see colorful pictures on there. Yeah, it is to become complicated. A book is very important in your case. As we know that in this era, there are many ways to get whatever we would like. Likewise, word says, many ways to reach China's country. So, this SAGE Secondary Data Analysis (SAGE Library of Research Methods) can make you experience more interested to read.
