Editorial Review

From the Back Cover

Something new has been added to this edition--a compact disc that provides you with vital help in pronunciation and listening comprehension! Emphasizing English vocabulary as it is used within the context of business, industry, and communications, this book with CD is focused to meet the special needs of TOEIC test takers, though it will prove a valuable learning tool in any ESL learning environment.

Each of 50 lessons focuses on a specific TOEIC business subject, for instance, contracts, marketing, banking, and personnel, among many others. Additional lessons concentrate on helping you expand your English vocabulary in areas related to cultural activities, such as movies, museums, music, art, and others.

Each lesson presents 12 target words with definitions, used in several different contexts. Exercises follow every lesson, and a quiz follows every five lessons to test your newly acquired skill in understanding and using the new words.
