**Accounting Ethics** By Iris Stuart, Bruce Stuart, Lars J. T. Pedersen

Balancing both technical proficiency and ethical sensibility, *Accounting Ethics* provides a decision model approach to accounting, aiding both student comprehension and supporting the instructor in emphasizing the key elements of the decision process that shapes the technically and ethically competent professional accountant.

- Includes a decision model which guides students through the process of ethical decision making.
- Emphasizes the individual accountant's decision making on both technical and ethical matters.
- Provides a focus on technical competencies and teaches students how to apply their knowledge through the provision of exercises and cases.
- Author team includes a blend of skills and experience: a philosopher, an accountant and an expert in business ethics.
- Strong pedagogical framework that includes study questions, review lists of chapter 'take-ways', and review checklists of key ideas.
- Provides an international perspective on fraud issues.

## Editorial Review

From the Back Cover

The many accounting scandals involving high-profile companies, such as Enron, WorldCom, Arthur Andersen, and Parmalat, have called into question accounting practices and have undermined public confidence in the accounting and auditing professions.

Accountants in professional practice face many technical and ethical challenges and in order to act appropriately, they need both technical and ethical competences. Accountants are guided by standards and supported by professional societies, legislation, and regulatory bodies. Adherence to these principles and compliance to the rules of practice include both a technical and an ethical dimension; *Accounting Ethics* will help prepare students for their future careers by developing both of these skills.

This textbook helps students to:

- Develop both technical and ethical competences through a mixed process of reading, mentored dialogue, and exercises.
- Apply technical competences and knowledge through the provision of exercises and cases.
- Identify moral issues in accounting situations and subsequently demonstrate moral reasoning and make moral judgments (act ethically).
- Navigate the process of ethical decision making by use of a decision model to structure the chapter material.

The textbook is an ideal resource for undergraduate or graduate courses in accounting ethics. It has a strong pedagogical framework that includes study questions, chapter "take-ways", and checklists of key ideas. A rich supporting website accompanies the text at [www.wileyeurope.com/college/stuart](http://www.wileyeurope.com/college/stuart).

## Users Review

**From reader reviews:**

**Stephanie Cromwell:**

Reading a book can be one of a lot of action that everyone in the world enjoys. Do you like reading book consequently. There are a lot of reasons why people love it. First reading a book will give you a lot of new

facts. When you read a e-book you will get new information simply because book is one of many ways to share the information or perhaps their idea. Second, looking at a book will make an individual more imaginative. When you studying a book especially fictional works book the author will bring you to definitely imagine the story how the personas do it anything. Third, you can share your knowledge to some others. When you read this Accounting Ethics, you may tells your family, friends and also soon about yours book. Your knowledge can inspire average, make them reading a e-book.

**Nancy Lowery:**

The reason why? Because this Accounting Ethics is an unordinary book that the inside of the e-book waiting for you to snap the item but latter it will zap you with the secret the idea inside. Reading this book beside it was fantastic author who else write the book in such amazing way makes the content inside of easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This book will give you a lot of advantages than the other book have such as help improving your talent and your critical thinking approach. So , still want to postpone having that book? If I ended up you I will go to the reserve store hurriedly.

**David Carson:**

Reading a book to be new life style in this year; every people loves to study a book. When you go through a book you can get a lots of benefit. When you read guides, you can improve your knowledge, mainly because book has a lot of information in it. The information that you will get depend on what kinds of book that you have read. If you need to get information about your analysis, you can read education books, but if you want to entertain yourself read a fiction books, such us novel, comics, along with soon. The Accounting Ethics provide you with new experience in studying a book.

**Carolyn Rodriguez:**

Some individuals said that they feel fed up when they reading a reserve. They are directly felt that when they get a half elements of the book. You can choose the book Accounting Ethics to make your reading is interesting. Your personal skill of reading ability is developing when you including reading. Try to choose easy book to make you enjoy to study it and mingle the impression about book and examining especially. It is to be initially opinion for you to like to available a book and study it. Beside that the guide Accounting Ethics can to be your new friend when you're sense alone and confuse with the information must you're doing of that time.
