Alexander the Great: The Macedonian Who Conquered the World By Sean Patrick

If you want to learn about one of history's greatest military commanders and uncover some of his secrets of drive--drive that enabled him and his small army to first subdue all of Greece and then the mighty Persian Empire--then you want to read this book.

Some people like to think that geniuses are so inherently extraordinary that they navigate their journeys with clairvoyant ease.

This simply isn't true.

Greatness does not come lightly. It requires that you make sacrifices of time, interests, and--sometimes--possessions. The further you move toward greatness, the more greatness demands from you.

But all barriers yield to one mythical quality: drive. The will to persist and overcome. To never give up. To never accept defeat.

Few stories better illustrate this better than the life of one of the most extraordinary warriors the world has even known; a man of legendary ambition, will, and grit: Alexander the Great.

In this book, you'll be taken on a whirlwind journey through Alexander's life and conquests, and not only learn about the successes and mistakes of one of history's greatest conquerors, but also how to awaken a fire in your own life and adventures.

Read this book now and learn lessons from Alexander the Great on why drive is so vital to awakening your inner genius, and learn insights into the real power of purpose, how to defeat the insidious force of "Resistance" that holds us back, and more.

Editorial Review

From the Author

Hi,

I'm Sean, and I believe that people have far more potential than they give themselves credit for. I believe that everyone can find their calling, achieve success and happiness, and feel in control of their fate.

Through my writing, I hope to educate and inspire, to convince people to look at themselves and the world a little differently, and to be able to use these insights to improve not only their lives, but the lives of everyone they touch as well.

If that floats your boat, I think you'll like my work, and I hope you find it helpful.

Sean

About the Author

Sean Patrick is a dad, husband, Floridian, author, entrepreneur, slightly off-kilter, hopelessly optimistic, 28-year-old that's obsessed with creation, marketing, storytelling, fitness, and educating. Founder of Oculus Publishers, Patrick is on a mission to enlighten, entertain, and inspire people through beautiful stories and ideas. When not writing or building something, you can usually find him lifting heavy things in the gym, trying to make a dent in his never-ending "to-read" list, acting like a fool to make his son laugh...and writing in the third person. Wink, wink.

Users Review

From reader reviews:

Michelle Curry:

The book Alexander the Great: The Macedonian Who Conquered the World can give more knowledge and also the precise product information about everything you want.
