Neurosutra: The Abhijit Naskar Collection By Abhijit Naskar

"Naskar is a self-trained scientist and thinker who discovers the paradigm shifting phenomena of the human mind in this book" - Michael Persinger

"The book is very interesting and useful" - Sam Pitroda, The Father of Indian Telecom Revolution

Human Brain is the most complex organized structure in the universe. It is made up of a hundred billion nerve cells or neurons. The relentless activity of these neurons gives rise to all the richness of our conscious experience. All our feelings, emotions, thoughts, ambitions, love lives, religious sentiments and even our sense of self are simply born from the activity of these little specks of jelly in our head.

In this page-turning adventure of Neuroscience, celebrated Neuroscientist and Best-selling Author Abhijit Naskar takes us inside our own head to witness the birth of our mental life in the neurons.

The volume consists of five popular scientific works by Naskar - The Art of Neuroscience in Everything, Your Own Neuron: A Tour of Your Psychic Brain, The God Parasite: Revelation of Neuroscience, The Spirituality Engine, & Love Sutra: The Neuroscientific Manual of Love.

Neurosutra takes us on an unforgettably enchanting journey to the deepest corners of the human brain and makes us understand what makes each of us tick. Naskar opens up the mesmerizing universe of the human mind to us where we shall discover the key to a better life. The exhilarating collection of neuroscientific adventures stunningly enable even the layperson to think like a scientist in every situation of daily life.

Editorial Review

Review

"Naskar is a self-trained scientist and thinker who discovers the paradigm shifting phenomena of the human mind in this book" - Michael Persinger

"Although this book is full of very useful knowledge and advices, it is also very accessible and fundamental. Understanding how the brain works is also understanding who you are and what your particular skills are. This is a fantastic summary of the amazing discoveries on the brain and a guide to apply them to your personal life by a talented author and a brilliant neuroscientist." - Ronald Cicurel, co-author of "The Relativistic Brain: How it works and why it cannot be simulated by a Turing machine"

"The book is very interesting and useful" - Sam Pitroda, The Father of Indian Telecom Revolution

About the Author

Abhijit Naskar is a celebrated neuroscientist, who became a beloved author all over the world with his first book *The Art of Neuroscience in Everything*. The book hit the bestsellers list within a few months of publication and heralded the advent of a rejuvenating scientific philosophy of the human mind. The purpose of this philosophy was to enrich human life with scientific sweetness. This book is a collection of his very first five books, that represents the incredible scientific philosophy of self-awareness.
