Now You See Him By Stella Cameron

Two years ago Ellie Byron was the only witness to the brutal murder of a young woman. Charles Penn, a hard-eyed man with a history of violence, was convicted of the crime. Now he's escaped—and another woman is dead.

Ellie fears she may be next and turns to the only person she trusts: attorney Joe Gable. Joe would give his life to protect Ellie, but neither of them knows just how deadly an enemy they face—or how close he is.

Then the police discover that both crimes mirror events in a bestselling mystery series. And when the third book in the series is released, Joe and Ellie realize that time has run out. Because in this book the killer eliminates the only threat to his freedom. The last death is the death of the witness.

Editorial Review

From Publishers Weekly

Cameron returns to Toussaint, La., setting of the popular *Kiss Them Goodbye*, for another soft-boiled, sexy thriller in which a local author's murder mysteries come to bloody life. Convicted murderer Charles Penn has escaped prison and is on the loose. When he killed Stephanie Gray with an ice pick at Mardi Gras two years before, the only eyewitness to the killing was timid Ellie Byron, a bookstore owner and former homeless runaway with a troubled past. Though she was unable to positively identify Penn in a lineup, Ellie frets that she'll become his next target now that he's out. Then a woman is found stabbed to death with an ice pick at a New Orleans jewelry store, and friends rally around terrified Ellie, particularly lawyer Joe Gable, who is secretly in love with her. Meanwhile, the police decide that both killings are re-enactments of scenes from local author Sonja Elliot's bestselling crime novels. Penn is apprehended, but as Elliot's next novel, *Death of a Witness*, is rushed into stores, Ellie is assaulted, and both she and Joe race to find the real killer in a tidy, spirited conclusion. While an avalanche of love-talk and hot sex stifles much of the narrative tension, those looking for spicy, melodramatic escapist fare will enjoy a heaping helping on every page.

From [Booklist](#)

Best-selling author Cameron returns to Louisiana bayou country for the fourth time with a suspenseful tale that throws reticent bookseller Ellie Byron into the arms of fiercely protective attorney Joe Gable. Two years earlier, Ellie had witnessed a murder in the midst of Mardi Gras, and now the convicted killer has escaped and a young woman has been murdered in a jewelry store in New Orleans. Strangely enough, both murders are connected to the crime novels of Sonia Elliott. After an attempted kidnapping, Ellie is under siege: a New Orleans homicide detective is hounding her, ominous messages come her way, and her beloved German shepherd, Daisy, is endangered. As she and Joe grow closer she knows that she must let him in on the hidden secrets of her past. As always with Cameron there is ample steamy sex, and fans of the series will be delighted to catch up with what has happened in the lives of the protagonists from *Kiss Them Goodbye* (2003) and *Cold Day in July* (2002). *Diana Tixier Herald*
