The Polytunnel Book By Joyce Russell

‘Until now, there has been next to no information available on how to make the best use of a polytunnel. The Joyce and Ben Russell team have filled that gap, showing us in clear, precise detail how to erect and manage polytunnels, and above all, what to grow in them.’ **Joy Larkcom**

The e-book edition of the immensely popular guide, polytunnel gardening just got even more practical.

The Polytunnel Book is the most comprehensive, practical guide to polytunnel gardening available. Whether you are a complete beginner, or a more experienced grower, this book has got what you need: from preparing the site, to simple charts that show at a glance how to get the best from each crop; from identifying and coping with pests, to making a hotbed, composts and organic feeds. But at the heart of this book is Joyce Russell's experienced hand guiding the reader through each month of the year. It tells what to do and when to do it, in order to grow the best fruit and vegetables all-year-round. If you want to try new potatoes, rocket and Florence fennel for Christmas; or mangetout peas, baby carrots and strawberries in April; as well as year-round salad, plenty of peppers, melons, gluts of tomatoes and much, much more, then this book shows you how. 300 colour photographs illustrate the wealth of practical tips and techniques as well as celebrating what can be achieved. Forming part of Frances Lincoln's extensive and exciting gardening range, e-book editions of Square Metre Gardening, Window-Box Allotment and Grow Your Own Vegetables are also available for purchase.

Editorial Review

Review

"The huge increase in growing your own has led to a parallel surge in interest in polytunnels, the best tool a serious vegetable grower can acquire. But until now there has been next to no information available on how to make the best use of a polytunnel. The Joyce and Ben Russell team, with their years of practical experience, have filled that gap, showing us in clear, precise detail how to erect and manage polytunnels, and above all, what to grow in them."

'Enhanced by Ben Russell's colourful and purposeful photos, this is a great book to have by your side, demonstrating the range and variety of what you can grow in a polytunnel - and all year round too!

Users Review

From reader reviews:

Robert Grant:

Hey guys, do you would like to finds a new book you just read? May be the book with the subject The Polytunnel Book suitable to you? The book was written by popular writer in this era. Often the book untitled The Polytunnel Book is a single of several books that everyone read now. That book was inspired a lot of people in the world. When you read this e-book you will enter the new dimension that you ever know before. The author explained their plan in the simple way, therefore all of people can easily to comprehend the core of this publication. This book will give you a great deal of information about this world now. In order to see the represented of the world on this book.

Michael Harmon:

Do you really one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Make an effort to pick one book that you never know the inside because don't evaluate book by its handle may doesn't work the following is difficult job because you are scared that the inside maybe not as fantastic as in the outside look likes. Maybe you answer might be The Polytunnel Book why because the great cover that make you consider about the content will not disappoint a person. The inside or content is actually fantastic as the outside or cover. Your reading 6th sense will directly guide you to pick up this book.

David Brouwer:

As we know that book is very important thing to add our expertise for everything. By a e-book we can know everything we would like. A book is a pair of written, printed, illustrated or perhaps blank sheet. Every year was exactly added. This e-book The Polytunnel Book was filled in relation to science. Spend your extra time to add your knowledge about your science competence. Some people has diverse feel when they reading the book. If you know how big benefit of a book, you can sense enjoy to read a book. In the modern era like currently, many ways to get book which you wanted.

Robert Banks:

As a pupil exactly feel bored to help reading. If their teacher expected them to go to the library in order to make summary for some reserve, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that examining is not important, boring in addition to can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this The Polytunnel Book can make you experience more interested to read.
