As a church musician, I would consider this to be in very good condition, but because some buyers understandably look at slightly darkened edges (from frequent turning), some frayed edges, and some repaired pages and consider the books less valuable, I listed them in good condition. There are no missing pages in these books (they come as a set of Vol 1 & 2), no illegible notes, and the hard outside spines have been reinforced with heavy-duty clear tape to lengthen their life expectancy. There are some hand-written markings such as "Intro" or "Down 1" that other musicians may find helpful. These would be perfectly suitable for either church use or for home practice editions. Both volumes have years of hard use remaining.
