Java Questions and Answers By Suresh Basandra

Who Is This Book For?

Learning a complex new language is no easy task especially when it is an object-oriented computer programming language like Java. This book is a complete introduction to object-oriented programming and Java. You will learn everything from the fundamentals to advanced topics, including threads, network sockets, distributed programming, etc. And the new edition focuses on Java 7, the latest version of the Java language and development platform.

This book provides a deeper understanding of the Java programming language so that you can write code that is clearer, more correct, more robust, and more reusable. The comprehensive descriptions and explanations for each item illuminate what to do, what not to do, and why. You can use this book successfully in technical job interviews and countless on-the-job situations.

Key topics covered include in about 1,200 Questions and Answers:

1. Java Language
2. Objects, Classes, Interfaces and Packages
3. Java Virtual Machine
4. Data Structures
5. Applets
6. Swing
7. Input, Output, and Network
8. JDBC
9. Threads
10. Exception Handling
11. Garbage Collection
12. Collections
13. J2EE
14. Java Performance
15. Java Multiple Choice Questions
16. Helpful Concepts and definitions

Author's Books

1. C and C++ Questions and Answers
2. Computers Today
3. Database, Data Warehouse and Business Intelligence Questions and Answers

4. Java Questions and Answers
5. Job Interview Questions and Answers
6. Management and Leadership Questions and Answers
7. Management Information Systems
8. Mobile Applications Architecture and Development Questions and Answers
9. Project Management, Program Management and Agile Scrum Questions and Answers
10. Software Architecture, Data Structures, Algorithms, Programming and Testing Questions and Answers
11. UNIX, Networks and Security Questions and Answers
12. Web Architecture, Web Design and Web Development Questions and Answers

Editorial Review

Users Review

From reader reviews:

Frank Huynh:

That book can make you to feel relax. This particular book Java Questions and Answers was colourful and of course has pictures around. As we know that book Java Questions and Answers has many kinds or genre. Start from kids until adolescents. For example Naruto or Detective Conan you can read and believe you are the character on there. Therefore not at all of book usually are make you bored, any it can make you feel happy, fun and chill out. Try to choose the best book for yourself and try to like reading which.

Eloise Torres:

As a scholar exactly feel bored for you to reading. If their teacher questioned them to go to the library or even make summary for some publication, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the educator want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring along with can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Java Questions and Answers can make you feel more interested to read.

Karen Horton:

What is your hobby? Have you heard which question when you got learners? We believe that that concern was given by teacher for their students. Many kinds of hobby, Every person has different hobby. And also you know that little person such as reading or as looking at become their hobby. You have to know that reading is very important as well as book as to be the point. Book is important thing to add you knowledge, except your current teacher or lecturer. You will find good news or update about something by book. Different categories of books that can you choose to use be your object. One of them is actually Java Questions and Answers.

William Lebel:

Reading a e-book make you to get more knowledge from it. You can take knowledge and information from a book. Book is prepared or printed or illustrated from each source which filled update of news. Within this modern era like right now, many ways to get information are available for you. From media social including newspaper, magazines, science publication, encyclopedia, reference book, story and comic. You can add your knowledge by that book. Do you want to spend your spare time to spread out your book? Or just
