Touching Heaven: A Cardiologist's Encounters with Death and Living Proof of an Afterlife By Chauncey Crandall

How a doctor's glimpses of eternity confirmed everything he believed about God, suffering, life on earth, and what happens after death.

Dr. Chauncey Crandall knows his patients well. When they are dying, he sits at the bedside with them and holds their hands. He prays with them. Sometimes he can feel what they feel and see what they see. At other times his patients have near-death experiences and "come back" with astonishing descriptions of the afterlife. In TOUCHING HEAVEN, Dr. Crandall reveals how what he has seen and heard has convinced him that God is real, that we are created for a divine purpose, that death is not the end, that we will see our departed loved ones again, and that we are closer to the next world than we think.
