**Date Night on Union Station (EarthCent Ambassador Book 1)** By E. M. Foner

"Good SciFi comedy is as rare as hen's teeth. This was a fun read."

Kelly Frank is EarthCent's top diplomat on Union Station, but her job description has always been a bit vague. The pay is horrible and she's in hock up to her ears for her furniture, which is likely to end up in a corridor because she's behind on rent for her room. Sometimes she has to wonder if the career she has put ahead of her personal life for fifteen years is worth it.

When Kelly receives a gift subscription to the dating service that's rumored to be powered by the same benevolent artificial intelligence that runs the huge station, she decides to swallow her pride and give it a shot. But as her dates go from bad to worse, she can only hope that the supposedly omniscient AI is planning a happy ending.
