Editorial Review

Review

“Franklin and Eve's new groundbreaking book is a must-read deep dive into the psychology, morality, and practicalities of non-monogamy done well. Buy two copies - one for yourself and one for that friend who is going to insist on borrowing it.” — Pepper Mint, sex educator and polyamory activist

“This book is going to be an Event. It will immediately rank right at the top of the 36 nonfiction books about polyamory published in the last 30 years.” —*Polyamory in the News*

“Dossie and I have been described as big sisters (if your big sister is a slutty kinky aging hippie); Franklin and Eve are more like wise neighbors think of the guy on the other side of the fence on Home Improvement, calm and wise and funny. Dossie and I write primarily about the sexual aspects of poly; Franklin and Eve are more interested in the day-to-day living part. Dossie and I like to indulge ourselves, just a little, in high-flown realms of abstraction and idealism; Franklin and Eve like to keep their feet on the ground.” — Janet Hardy, co-author of *The Ethical Slut*

“If you’ve never read any books on polyamory, this one should be your first. And even if you’ve read every book on polyamory, read this one now.” — Aggie Sez, *Solopoly*

"Friends, this one makes you think. Any any book that encourages you to think clearly about emotionally charged subjects like romantic relationships can only be a positive." — Noël Lynne Figart, *The Polyamorous Misanthrope*

"As the uncharted map of open relationships takes another bound forward in its clarity with the new book *More Than Two* by Franklin Veaux & Eve Rickert, many worthy ideas and concepts are brought to the fore." — Louisa Leontiades, author of *The Husband Swap*

"This book is fantastic, and has the potential to be revolutionary. I have been waiting for a book that I could confidently tell people contains the collective wisdom of the poly community. This is that book." — Wes Fenza, *Living Within Reason*

“This book changed the way that I think about relationships. All relationships, not just poly. I have spent the last two days lost in thought, re-evaluating a lot of my own choices and beliefs. And that’s good. That’s what a great book like this should do.” — *XCBDSM*

About the Author

Franklin Veaux has been ideologically polyamorous his entire life, functionally polyamorous since 1984, and writing about polyamory since 1998. Monogamy has never made much sense to him. (When he heard a fairy tale about a princess forced to choose between two handsome princes, he thought everyone knows princesses live in castles And castles are big enough for both princes. So why does she have to choose?)

He started practicing non-monogamy from the moment he started becoming aware that boys and girls are different. Along the way, he's made just about every mistake it s possible to make in polyamorous relationships. Good judgment comes from experience, and experience comes from poor judgment.

Today, he has five partners, lives in Portland, Oregon, and spends a great deal of time writing about everything from relationship ethics to transhumanism to computer security.

Eve Rickert is a professional writer, editor and mastermind, and the co-author, with Franklin Veaux, of the newly released polyamory book *More Than Two*. Until taking time off from life to write the book, she co-organized a group for poly women in Vancouver, Canada and she blogs at the *More Than Two* website. She owns a science communications firm in Vancouver, Canada, called *Talk Science to Me*.

Eve has been living poly since 2008, though her poly roots go back much deeper. Her approach to poly has changed radically over the years: from early experiences in high school, to first hearing the word polyamory in 1998, to first swingers party in 2006, to her current three long-term relationships. And being poly has radically changed her. She's made a lot of mistakes and learned a lot of hard lessons. She co-wrote *More Than Two* to share those experiences with anyone who is struggling to maintain ethical multiple relationships with integrity, compassion and courage.

Users Review

From reader reviews:

Timothy Brown:

Do you considered one of people who can't read gratifying if the sentence chained from the straightway, hold on guys this kind of aren't like that.
