I Like You Just the Way I Am: Stories About Me and Some Other People

By Jenny Mollen

Hi, I'm Jenny Mollen, an actress and writer living in Los Angeles. I'm also a wife, married to someone more famous than me, which is especially annoying because all the free clothing he gets never come in a size small.

This is my book, an assortment of stories about not doing the right thing. Yes, it's about me. But it's also about women, who all come in two types: those that are totally batshit crazy, and those that are liars. It's a book about acting on impulses, plotting elaborate hoaxes, and refusing to acknowledge boundaries in any form. Like hiding in the trunk of a car to get a look at the girl who used to fuck my husband. Or pretending to have a seizure on a red-eye to New York in order to explain why my dog is balls-deep in a bag of Pirates' Booty burrowed in the lap of a sleeping child.

Life is too short for bullshit. I'm 33 and my tits drop half an inch a year. Someday very soon, ladies, you and I are going to be whatever fetish comes after "cougar," unable to wear shirts without sleeves, and full of cell phone cancer. It is our obligation to be honest with ourselves about who we really are and what we really want. Which more often than not is someone else's email password.

So let's embrace it. *I Like You Just the Way I Am* is a book about taking the high road?as long as it intersects with the train tracks my ex-boyfriend is tied to.

Editorial Review

From [Booklist](#)

By about 30 pages in, Mollen has resorted twice to the “there are two types of “___s” gambit (in addition to simply calling others, “the type who”) and tried to shock-jock the reader’s pants off by declaring her anorexic temptations scarier than a concentration camp, comparing a bad romance to a “fiery plane crash into a tall building,” and deciding that a former boyfriend (unfindable on social media) killed himself. And she’s anorexic and bulimic in somewhat graphic detail. And she has a long way to go to becoming a current L.A. writer, actress, and (per the jacket copy) “one of the funniest women on Twitter.” She can be funny, but her shticks and tics are lazily apparent. And for her worldview (and memoir) to work, everyone she deals with has to be missing a bolt or two as well (e.g., “All the Best Men Are Either Gay, Married, or Your Therapist” and “Nobody Wants to Be Your Fucking Bridesmaid” and “You Were Molested”). She is hiply raunchy, raunchily hip; add her to that list and purchase according to demand. --Eloise Kinney

Review

“Jenny's type of fucked up is the kind I want to squish up and put in my bag and keep with me all the time--and now I can. Thanks, America.” ?*Kelly Oxford, author of the New York Times bestselling Everything is Perfect When You're a Liar*

“Filth. If you like your ladies hot and your filth filthy, this is the book for you. Jenny is bitchy and body-obsessed, husband-obsessed, self-aggrandizing, and always amazing.” ?*Michael Ian Black, author of the New York Times bestselling My Custom Van*

“Jenny is crazy. She has the craziest Twitter--everyone should follow her. Somebody needs to make it into a TV show.” ?*Chelsea Handler, author of the New York Times bestselling Lies that Chelsea Handler Told Me*
