Rekindling Desire: Bringing Your Sexual Relationship Back to Life By Warwick Williams

The material in this book is the result of many years' experience in working with men and women with sexual problems. It is directed primarily at individuals with deficient or incompatible sexual interests, and their partners, if any, aiming to give them real hope, a working understanding of the relevant issues, and most importantly, step-by-step detailed instructions for overcoming their difficulties. Many of the issues considered, however, have a universal relevance and importance for perfectly normal people. I hope that those in the various helping professions will also find the suggested treatment approaches useful in their practices, since there is almost nothing available giving explicit, detailed therapeutic instructions and providing a programmed sequential treatment approach for problems of sexual interest. --- excerpt from book's Preface
